## GOOD WOMAN SUICIDES

Wife of Dr. Richard Hardwick Native of Wayne County, Kills Herself.

A Huntington paper has the following account of the suicide of Mrs. Richard Hardwick. Her husband is a son of John Hardwick, of Mill Creek, W. Va., six miles from Louisa:

A successful attempt at suicide was carried out Wednesday morning by Mrs. Molly Roberts Hardwick, wife of Dr. Richard Hardwick at her home in West Huntington. Mrs. Hardwick was despondent over ill health being afflicted with nervousness brought on by her inability to sleep.

A revolver was the means by which Mrs. Hardwick ended her life. Because of her weakened condition and the threats she had made to commit suicide members of the household had kept a constant watch over her. She obtained the revolver from the home of her sister, Mrs. Sam Dock Smith, at Kenova, where she visited Tuesday. She obtained the weapon at the Smith home without the knowledge of the members of the Smith family. Dr. Hardwick had watched his wife closely for three days because of her threats to kill herself.

Mrs. Smith was at her sister's bedside a few minutes before the tragedy occurred as was Dr. Hardwick. Mrs. Smith went to the lower floor to her breakfast leaving Dr. and Mrs. Hardwick in the latter's bedroom. Mrs. Hardwick asked her husband to get her a drink of water and while he was in the bath room his wife fired the shot which ended her life. Rushing to the room the members of the household found blood pouring from Mrs. Hardwick's temple and the revolver lying on the floor near the bed. Dr. L. T. Vinson was summoned through his services were of no avail as death was instantaneous.

Mrs. Hardwick was the daughter of the late St. Clair Roberts, of Wayne-co.

Mrs. Hardwick was a member of a well known Wayne-co. family. She was, for a number of years preceding her marriage, one of the prominent teachers in the public schools of that county. She was a woman of fine intellectual gifts, and of the finest character. Her father, who was prominent in the political and business affairs of the county, died a year ago.

Her mother still resides at Kenova. Besides her husband she leaves one son, Merlin Vinson, aged eleven years.

## KILLED IN CEREDO.

On Sunday morning last the lower half of the mangled body of Mr. J. W. Irons, an uncle of Mrs. Earl McClure, of this city, was found near the track of the B. & O. railroad in Ceredo. Search was immediately made for the remainder, which was soon found not far away. The remains were properly cared for and were carried to the home of the unfortunate man of Docks creek, not far from Cyrus, W. Va., where the burial occurred on Monday. Mrs. McClure went down on Monday morning to attend the funeral of her relative.

It was at first supposed that Mr. Irons had been killed by a B. & O. train, but late developments lead to the belief that he had been murdered and the body placed on the track so that a passing train would mangle it, and in this way murder might not be suspected. Mr. Irons had been in Ceredo all day, and had been in Catlettsburg and Huntington, returning to Ceredo in the evening. At a late hour he started for home with three men, and this was the last seen of him. Two of these men have been arrested, so the NEWS has been informed, but the third one can not be found.

Mr. Irons was about 60 years old and was an industrious farmer.

## DINNER AT GALLUP.

The Ladies Aid Society will serve dinner for anyone election day, Nov. 4. A good dinner for 25c. The proceeds will go to help build a parsonage in this neighborhood. The Aid will appreciate any help. Dinner will be served near the polls.

## C. E. MEER MARRIED.

The NEWS takes from the Mingo Republican the following concerning the marriage of Clyde E. Meer, son of Mr. M. F. Meer, a native of this county but now a prominent business man of Williamson, to Miss Fannie Carter, of Denver Col.:

The meeting and wooing of this fair maiden of the far west was a real romance. When Mr. Meer was in the south two years ago and while sojourning at Hot Springs, Ark., Mrs. Carter and her daughter, enroute to Florida, happened to stop over at the noted health resort and fate put them in the same hotel where Mr. Meer was stopping.

This gallant young West Virginian could not resist the charms of the maiden from the Rockies and after parting the courtship was kept up through the medium of letters and at last culminated in a happy union which was solemnized in the Highland Presbyterian church, Denver, October 8, 1913.

The bride's father is a prominent automobile manufacturer and ranch owner of Denver and the groom is the only heir of Mr. and Mrs. M. F. Meer, highly respected and popular Williamson people, Mr. Meer being one of our wealthiest and most substantial business men.

## BROMLEY-McALPIN.

Marriage of a Pretty Louisa Girl to a Cincinnati Young Man.

The home of Mr. and Mrs. Sam Bromley, this city, was on Tuesday last the scene of a very interesting event, which was no less than the marriage of their daughter Elizabeth to Mr. George W. McAlpin, of Cincinnati. The affair was one of beautiful simplicity, at the same time characterized by excellent taste. No formal invitations whatever had been issued, but the young girl, popular with all who know her, had said to her hosts of friends, "Come about a quarter to 12 Tuesday and see me married." And very many of them came. Some time before the appointed hour the cozy home was filled with friends. The rooms and hall had been tastefully ornamented with fragrant roses and chrysanthemums and looked very attractive. A short time before the auspicious moment Miss Katharine Freese, with Mrs. George Vinson as accompanist, sang in her own delightful way, O Perfect Love. The last cadence of the beautiful song has scarcely died on the air when Mrs. Vinson began the ever popular Wedding March from Lohengrin. Keeping step with its stately measures the handsome pair descended the stairway, and entering the reception room, stood before the young girl's pastor, the Rev. Olaus Hamilton, of the Baptist church. Then followed one of the most beautiful marriage services ever witnessed in this city. It was a ring service, but entirely different from the one usually observed. The language used was singularly appropriate and beautiful, and was spoken eloquently and impressively.

At the conclusion of the nuptial rite hearty congratulations and felicitations were extended to Mr. and Mrs. McAlpin. In a short time they were driven to the N. and W. depot at Ft. Gay, where they took train for Kenova, where they boarded the C. and O. train for New York city. They will visit the principal places of interest in the East and will then go to Cincinnati where they will spend the winter.

The bride looked very beautiful in her traveling suit of tan cloth, trimmed with fur, every article from hat to shoes being in strict and harmonious keeping. She is a very bright and attractive young woman, and the groom "may take it from" the NEWS, to use a little allowable slang, that he is to be congratulated on winning a prize when he won his bride.

The groom is a fine looking, intelligent young man of 24. He is a member of a prominent Cincinnati family, and a graduate of the School of Civil Engineering, University of Cincinnati. In professional attainments, habits, and character he is all that can be desired.

The bride was the recipient of many beautiful presents. Among the gifts from the groom was an insurance policy on his life for \$5000.

## SEVEN MONTHS SCHOOL

State Superintendent Expects to Extend All Common Schools This Year.

Frankfort, Ky., Oct. 27.—Seven months' school in the rural districts this year is assured, in the opinion of Superintendent of Public Instruction Barksdale Hamlett, who said he has talked over the situation with State Treasurer Thomas Rhea and can talk confidently. There was a surplus of \$280,000 to the credit of the school fund at the close of the last fiscal year. It will require about \$500,000 to pay the teachers for the additional month, but the money will be forthcoming. Superintendent Hamlett said today:

"The lengthening of the rural school year from six to seven months which we had hoped for next year, will be realized this year, I feel sure. We had a surplus of \$280,000 in the fund June 30 last, the close of the fiscal year. We started out this year by making the October distribution of the school fund promptly, and this in spite of the fact that some of the State's revenues from the railroad franchise taxes are tied up in court. I have talked over the situation with State Treasurer Rhea and am assured the money will be paid the schools promptly this year as the installments fall due and that the money for the seventh month will be in the treasury by the time it is needed."

"I have worked to this end ever since assuming office. We have banded our resources—in the first place to pay out a deficit we did not incur—and did not permit ourselves to make the mistake of unwarrantedly increasing the per capita, which, of course, would have made a fine showing, but would not have resulted in the benefit that will be realized by extending the school year one month longer."

This is the first extension of the school year since the term of H. V. McChesney as State superintendent, when it was extended from five to six months.

## THE SANCTUARY.

On Sunday morning last a union service was held at the Baptist church. A very large congregation, representing all the churches in the city, was present. The speaker of the occasion was the Rev. Norman Palmer, who addressed the meeting in the interest of the State Anti-Saloon League. His address was along the lines of temperance and good citizenship and was well received. At night the pulpit of the M. E. Church was occupied by the Rev. Dr. Dickerson, formerly of Steubenville, O., but now succeeding Dr. McClay as Superintendent of the Ashland M. E. District. Dr. Dickerson is an easy, fluent speaker, earnest and eloquent. He speaks mostly in short, snappy paragraphs, many of which were decidedly epigrammatic. The reverend doctor made a fine impression upon his audience.

Taking the place of the lesson at the M. E. Church South was the address to the Sunday school by Rev. Olaus Hamilton, of the Baptist church. Mr. Hamilton had attended the late State S. S. Association at Louisville, and on the occasion referred to the told, in a very interesting and pleasant way, of what he saw and heard at the meeting. He had made copious notes of what most of the best speakers had said while addressing the convention, and he repeated these good things to his attentive hearers. Mr. Hamilton, in his own pulpit, and Rev. Mr. Keith, the pastor, in the pulpit of the M. E. Church South, spoke to large congregations.

## LOST A THUMB.

John M. Daniel, of this place, had the misfortune to lose his left thumb a few days ago. He is a sawyer, and when the accident occurred he was working in a handle factory on Shelby, Pike-co. While engaged in his work by some means his hand was caught by the saw and the thumb was entirely severed. Mr. Daniel is a hard working, sober man, and the injury means much loss to him.

## SILVER TEA.

The Ladies Missionary Society of the M. E. Church South invites all its friends to celebrate with it Friday evening, November 7, at the Parsonage on Madison-st., the occasion being a Silver Tea. This tea is being given to raise funds to continue the Louisa Kentucky scholarship in Lucy Cunningham's school, Korea. Possibly many of our townsmen do not know our society is supporting a little Korean girl in this school, and a home-land pride might be aroused in the hearts of friends of the church, because this scholarship is named for our own little city and we wish to make the offering as general and as generous as possible.

Delightful refreshments will be served and a program. Good music and recitations will be rendered. All this will be free of charge, but we hope the hearts of our friends will be touched by the fact that we have an interest in Korea and will bring a free will offering to help the little girl who is trying to learn how to tell her people of the love of the Master, who said: "If you do it unto the least of these ye do it unto me."

"The Lord Loveth a Cheerful Giver."

## PROMINENT CAPITALISTS

Visit the Big Sandy Coking Coal Field. ---Railroad to be Extended.

Vice President F. S. Landstreet and General Manager of Sales Frank Wilshire of New York, and Western Sales Manager E. M. Mantour, Chicago, all of the Consolidation Coal Company, passed through Cincinnati yesterday. They were accompanied by a large party of Chicago and St. Louis coal consumers, who visited the Eastern Kentucky mines of the company on the Sandy Valley and Elkhorn, the Baltimore and Ohio subsidiary in that state. The party came to Cincinnati over the Chesapeake & Ohio, connection from the Sandy Valley road being made at Shelby, Ky. The object of this trip was to show steel, gas and coke by-product manufacturers the Consolidation's 100,000 acre coal tract operations. In the near future it is expected that other holdings of that company, 200,000 acres in extent, will be placed on a producing basis. The Sandy Valley and Elkhorn will be extended to McRoberts, to which point the Louisville and Nashville has built and other points in that vicinity.

At the present time the Sandy Valley road is handling a little over 10,000 tons of coal per day, or about 3,700,000 tons per year. Most of this tonnage is sent through Cincinnati gateway. Two Cincinnati B. and O. Southwestern and C. H. and D. officials are executive officers of the Sandy Valley Road C. L. Thomas Traffic Manager, and W. C. Loree General Manager, Daniel Wilard, President of the B. and O. system holds the same title with the Kentucky road.—Ironton News.

## ENTERTAINED FOR SISTER.

Mrs. B. E. Adams very pleasantly entertained Wednesday afternoon for her sister, Mrs. Spencer, of Columbus, O. Her guests were sixteen in number, and the diversions were the ever popular Flinch. It was played to the extent of several progressions, when a delicious table luncheon was served and greatly enjoyed. The affair throughout was much enjoyed. It marked Mrs. Adams' initial formal appearance in Louisa as a hostess, and her Wednesday's function was in every way an enviable success.

## MANUFACTURE MEDICINES.

It is reported that a number of proprietary medicines are to be made from the coal products of the mines on Beaver.

Wonderful developments are taking place in the Beaver section. The Elkhorn Fuel Company will pipe gas from the Beaver creek wells to their operations on the same creek. All the machinery will be run by natural gas and the new towns there will be supplied also. —Paintsville Herald.

## B. & O. R. R. TALK.

Report From Huntington Construes Events to Mean More Railroads.

The Huntington Herald Dispatch says:

Speculation as to what is the "inside meaning" of the announcement that large railroad yards will be built by the Norfolk & Western railroad and the Baltimore & Ohio at Kenova among local business men yesterday led to the supposition that the move has important bearing on future policies of the Baltimore and Ohio road and may mean that this company is planning extensive work including a line down Big Sandy river. The Baltimore and Ohio now operates a line between Shelby and Jenkins, Ky., this being a coal operating road.

Ohio river bridge gossip was revived and some expressed the belief that the Baltimore & Ohio would bridge the Ohio here and then construct a line across Ohio to Wellston, connecting with the Cincinnati, Hamilton and Dayton line, thus giving the Baltimore line a direct route to Dayton and thence north to the lakes with its Big Sandy coal.

This belief is strengthened by the recent trip of big coal operators up the Big Sandy. Former Senator Clarence Watson, of the Consolidation Coal company for which the Shelby-Jenkins line is being maintained, went up the Big Sandy valley on a special recently with other officials of the Consolidation corporation.

Local men declared yesterday that in their opinion the bridging of the Ohio river here by the Baltimore & Ohio line is a certainty but they doubted if it would come soon.

## PAINFULLY HURT.

C. K. Hammar, a C. and O. fireman, was painfully hurt about two o'clock on Sunday morning last by falling from the water tank of his engine. The train, a west bound freight, had stopped at Chapman, eight miles east of this place, for the purpose of taking water, and the fireman was standing on the engine tank, pulling a rope which opens the valve of the tank, when the rope broke and he fell headlong to the ground. He was picked up and put on the engine, which cut loose from the train and brought him to Louisa. He was taken by the local C. and O. surgeon to the hospital, where his injuries were attended to. His face was cut and bruised, the muscles of his neck badly sprained, left knee cap and thigh injured and right wrist sprained almost to the point of dislocation. He was barely able to walk and suffered much from the bad shake up caused by the fall. He was able to go to his home in Russell on No. 37. Mr. Hammar is a nephew of Mrs. Shank, of this city.

## NOT ENTIRELY A FAILURE.

Notwithstanding the very unfavorable weather which prevailed in this county last Friday and Saturday considerable work was done on the roads. The people were keyed up to road working pitch, and the NEWS has no doubt that if the rain had not been so heavy much good would have been accomplished. In another place in this paper will be found some reports from the country which are encouraging. One foreman reports that a young girl in his section turned out and did good work with the rest of the "hands." It is hoped that the improvement shown as a result of what was done under the most unfavorable conditions possible will show what can be done by concerted, well directed effort.

## YOUNGEST ATTORNEY.

J. Douglas Hughes, of Ashland, was recently examined in the Carter county court for admission to the bar. He passed the examination with honors and is now a practicing attorney. Mr. Hughes is a son of John Hughes, and a nephew of Postmaster A. M. Hughes, of this city. He is the youngest attorney belonging to the Boyd county bar.

## ANOTHER OCTOBER WEDDING.

On Wednesday afternoon, at the residence of Deputy Sheriff Willie Carter, of this city, in the presence of several friends, Miss Effie Thompson was united in marriage to Mr. Charles F. Frazier, the Rev. H. B. Hulett officiating. The bride is a pretty and attractive girl, the 18 years old daughter of Mr. and Mrs. John Thompson, of this city, and is popular with her many friends. Her attendant was Miss Mable Williamson, of Richardson. The lucky young fellow who won her is a son of Jay Frazier and wife, who live near Two Mile, a short distance below this city. He is industrious and of good habits and character.

## AFTER MANY YEARS.

John Woods, a native of this county and a Federal veteran of the Civil War, was here Tuesday from Yuma, Arizona, his present home. He was a member of the old 14th Ky. Infantry. He is a brother of Mr. Woods, the aged father-in-law of Mr. Holbrook, of this place. The former soldier was well acquainted with Judge James O'Brien, and the two met Tuesday for the first time in 50 years.

## BIG PIPE LINE.

Task of Laying Large Tube to Louisville Nearing Completion.

Work on the natural gas pipe line which will bring natural gas from the West Virginia fields to Louisville, is in full swing. Along the 200 miles more than a thousand men are digging trenches and laying pipe, while several hundred more are busy clearing the right of way, hauling the pipe and stringing it along the ground. Many miles of the line are completed and ready for the initial pressure test of 350 pounds per square inch. The line is designed to transmit 15,000,000 cubic feet of gas per day at this pressure.

The work is organized in two divisions. One division operates in the mountains and the other in the Bluegrass. Each of these divisions has two large gangs working in opposite directions from an original starting point, and, in addition, a floating gang which does the special work at railroad crossings, rivers and creeks.

The headquarters of the mountain division are at Paintsville. Work in that district was started about seven miles north of Paintsville, and the two gangs are now over twenty miles apart. A special gang has constructed a crossing under the Licking river at West Liberty, and is now at work on the Levisa Fork of the Big Sandy at Whitehouse. Advantage has been taken of the dry weather to cross most of the rivers and large reeks.

In the Bluegrass division work was begun at the Kentucky river. The east gang is at present working around Versailles, while the west gang is now only about thirty miles away from Louisville.

The crossing of the Kentucky river was the most interesting feature of the work. At all river crossings two pipes, instead of one, are laid to provide for any possible contingency. The hannel of the Kentucky river was dredged by floating steam dredges; the pipe was carried out on barges and, after being screwed and clamped together, was suspended between two parallel barges from which it was lowered into its final resting place. The river was fortunately at a low stage when this work was done. Soundings after the pipe was placed showed that both pipes were buried in the trench that had been excavated. The current in the stream has now covered the pipes with silt.

The most spectacular part of the work is in the mountains. It is an impressive sight to see a line of hundreds of men stretched across the country, from hill to hill, digging the trench for the pipe. Much of the excavation is in solid rock, where holes must be drilled every few feet.

Dynamite is used mainly as the explosive for this work, although (Continued on page 4.)

# POLITICAL.

## Points of Interest to Voters About the November Election.

Vote for Rev. M. A. Hay for County Clerk and you will be always glad you did it.

Justice in our courts is what every good citizen wants. Elect the Democratic nominee for County Judge and you will have it.

The Sheriff's office is certainly one of the most important in the county. The most serious troubles Lawrence county has ever experienced have been brought about by Sheriffs who fell short of the difficult requirements of the office. Every good citizen should lay down prejudice, politics and personal feelings to help secure a Sheriff who can and will perform the duties of the office promptly and in a business-like manner. The line is sharply drawn this year and no citizen can fail to see his duty in this matter.

The pledge of Mr. McElmurry, Republican candidate for the Legislature from Boyd and Lawrence, to concede his energies on a plan to have a thirty foot pike built from Ashland to Jenkins, should be sufficient to defeat him. In the first place, it is about as impractical and impossible a feat as could be proposed. As a member of the Legislature how could he do anything toward a special proposition of this kind? The constitution prohibits any special acts. Even if it did not, no bill carrying a special appropriation such as this would require could ever be put through the Legislature. It is ridiculous to suggest the building of an expensive turnpike parallel with a railroad through a country whose greatest need is dirt roads good enough to get from the back districts to the railroad. The McElmurry plan for giving our counties the much needed roads is practical and entirely feasible. He will be a member of the majority in the House if elected and will be able to accomplish something worth while. Also, he is sober, and would be always "on the job" at Frankfort. The time is ripe for road legislation in Kentucky and the mountains must send men there competent to shape the laws for our benefit. Otherwise we will not get what we need. The Bluegrass section has fine roads and will not be interested in the kind of road laws the other parts of the State must have. There was never before a time when your vote could be made to count for so much in road matters as it can now if you will vote for John McDyer.

The Democratic Chairman, H. C. Sullivan opened the County Campaign before the precinct chairmen with ideas of better roads for Lawrence county. He made a long talk to Precinct Chairman along these lines and then presented to John McDyer, and J. Howard Williams, his views of the matter and they

have promised if elected to the Senate and the House of Representatives they will use their influence for laws placing our county under a different system for roads. It would doubtless take off the old plan of six days labor, to each man and finally place the roads under a taxing system. Now is your time to get started for a better condition in the county of Lawrence for better roads. There can be no hope only through the principles of this Grand Old Party as are now being administered by that matchless electrified man Woodrow Wilson, him at the head of our National Government and the State in the hands of the same old party there can be legislation to go on with the work for humanity that has just begun.

It has never been my pleasure to see the members of the Democratic Party so loyal true and harmonious in the past. We are hoping the good citizens of Lawrence county can see the place to assist in the election of John McDyer, and J. Howard Williams, to carry out this much desired legislation. The writer can say positively that they are not using money nor whiskey to debase the people, and so far as he knows there is none in existence for the County Ticket or otherwise. Please think and then vote.

Yours,  
F. R. MOORE.

Vote for Wert Kitchen for Assessor, I have known Wert Kitchen from his boyhood days to his present age of life and he is a sober, industrious young man and well qualified to serve you as Assessor. Do not over look him. A VOTER.

### THE ROAD PROPOSITION.

What John McDyer and His Opponent Stand For.

John McDyer the Good Roads candidate for Representative favors a Good Roads system that will connect every man's farm with his market, the county seat, his railroad station or some commercial center.

We clip the following from the Louisa correspondent of the Ashland Independent, a Republican organ which contains a declaration by his Republican opponent on the kind of roads he thinks should be built:

In the name of Heck! Take our money and build a 30 foot pike from the mouth of Big Sandy to Jenkins! What is there at Jenkins to come out by public highway or at the mouth of Big Sandy to go to Jenkins that would require the construction of this vast Boulevard? How does this imaginative mind figure out the benefits to the people on Bolts Fork, East Fork, around Webbville at the head of Blaine, and other parts of the county not lying adjacent to this 30 foot pike?

My, but what a splendid race course for autos and motor cycles this 30 foot pike would make, built of the people's money who are now closed in for a large per cent of the year by mud roads that become impassable.

"As a man thinketh so is he." So, Mr. McElmurry thinks that a 30 foot pike from the mouth of the Big Sandy to Jenkins is the want and necessity of the people living in Boyd and Lawrence counties.

while McDyer, who was born and reared in this county and has been over every foot of her territory knows her needs and knows that a system of neighborhood roads is what our people want instead of this 30 foot pike.

The people of Lawrence county, man to man, without regard to political affiliation, should vote for McDyer, who so well understands and who is so so closely identified with the people's necessities.

### RESOLUTIONS OF RESPECT.

Death visited our community on October 9, 1913 and took from our midst one of our beloved members and sisters. Ada Peters Chapman was born at Walbridge, was a daughter of Garred and Millie Peters, was married to George Chapman 1896. To this union were born four children, two boys and two girls. Ada was a dear good woman, strictly religious, always on the side for the Lord and right. She had been in failing health since last May. She bore her suffering well and always said, "The Lord's will be done." She prayed so hard to be healed, but God in his wisdom saw fit to take her above, where pain nor sickness never come. She talked continually of death and leaving her children, and always in a resigned manner.

While in one of our meetings last spring she talked so of her faith in God and how she had given her boys over into the hands of the Lord and trusted him to take care of them. These children can never forget such a kind good mother. We can never forget that humble prayer we heard her pray in one of our meetings last spring. Although almost too feeble to pray she was so humble and earnest. During all her sickness she would shout praises to God. Some of her last words were wishing she had strength to pray. She was told to trust wholly in the Lord. Her answer was, "well, praise the Lord. Her last words were 'Take good care of my children.' She then fell asleep in Jesus to be with the sanctified throng.

These words we would say to the bereft:

"The young, the good pass away Ne'er to be seen again.

Earth's brightest jewels too soon decay, Its blasted trees remain Full oft we see the brightest thing that lifts its head on high.

Smile in the light, then droop its wings and fade away and die And kindly is the lesson given. Then dry the falling tear.

They came to raise our hearts to Heaven, they go to call us there.

Oh, not in cruelty, not in wrath, The reaper came that day It was an angel visited the earth And took this mother away."

We, the Ladies Aid of Gallup, Ky., wish to extend our sympathy to the bereaved family. She was a true and earnest worker as long as her health permitted.

Therefore, Resolved, that we, as christian workers, strive to live as true as did our beloved sister that our lives may be a spiritual inspiration to those with whom we come in contact.

Resolved, that each member remember her children, be a mother to them, giving them aid and comfort and always remember them in prayer.

Be it further resolved, that a copy of these resolutions be spread on our minutes, also a copy sent to Big Sandy News for publication.

### FIVE MINUTE CURE IF STOMACH IS BAD.

When "Pape's Diapiesin" reaches stomach all indigestion, Gas and Sourness disappears.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. Pape's Diapiesin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapiesin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

## IS KENTUCKY IN NEED OF THE TAX REFORM?

### What Happened in "THE COW COUNTIES" in California and Why "THE DOG TAX COUNTIES" in Kentucky Should Emulate Their Example

Until a few years ago the State of California was suffering under the same system of taxation which prevails in Kentucky although many efforts had been made to change it.

The average citizen is opposed to innovations as a general proposition and while the state suffered and the burden of taxation fell heavily on the small property owner, as it does in Kentucky, it was hard to arouse the people and capitalistic classes managed to keep the old law in effect and went on hiding their personal property and escaping taxation, as they do in Kentucky.

"Why is this man working so hard?"  
"To get more land to pay MORE taxes."

A simple careless expression in a San Francisco newspaper caused a revolution of feeling and brought about the change which all Californians are now proud of.

The newspaper referred to printed an article to the effect that the same old Constitutional Amendment would be voted on at the November election and added facetiously that "the Cow Counties" would probably vote for it, and treated it as a joke.

The newspaper evidently underestimated the power of "the Cow Counties" as this little attempt at witicism made "the Cow Counties" sit up and take notice.

The people in "the Cow Counties" commenced to ask themselves: Why is it that farm lands and town property pay the bulk of taxes? Why are the owners of stocks, bonds, notes and other personal property able to get off scott free?

Have we a uniform system of taxation in practice as well as in name? And such like questions.

Well, the result was "the Cow Counties" in California determined to throw off the yoke and the amendment was overwhelmingly carried.

"Why is this man working so hard?"  
"To hide his property and pay NO taxes."

The same conditions exist in Kentucky to-day and the same opportunity for a change presents itself and it is time for "the Cow Counties" in Kentucky to show their power and force a fair division of taxation.

By subjecting the millions of dollars of personal property to the payment of taxes, farms and town lots would be relieved as in other states with modern tax laws. In Pennsylvania there is no state tax on farm lands and

town lots because the revenue from stocks, bonds and notes is sufficient for the purpose.

The dog tax in Kentucky produced more revenue in 1912 (\$127,651) than all the taxes from bonds (\$32,425), cash in banks (\$64,240), and stocks in corporations (\$14,000); total \$110,865, while farm lands and town lots and improvements paid \$3,177,360.

"The Dog Tax" Counties in Kentucky are in the same fix as "the Cow Counties" were in California and it is high time to quit barking and commence biting. A vote for the tax amendment at the November election will make the other fellow do some howling. If "the Dog Tax" counties will only do their duty and vote for the amendment and enable the legislature to frame laws to make all classes of property pay their legitimate share of taxation.

Extract From Report of State Tax Commission.

"We recommend that the proposed Constitutional Amendment should be adopted by the voters of the state."

"This Amendment has been carefully drawn, its provisions are clear and plain."

"It follows precedents which have been tried and proved successful in other states."

"It authorizes practical changes, which, in our judgment, if adopted, will increase revenue, remove restrictions now handicapping valuable enterprises, and place Kentucky upon a fair plane with other states which have shown marked progress and prosperity, as a result of sane and sound revenue laws."

"It provides that any and all changes made thereunder in our tax laws up to 1917 must be approved by the people themselves after passage by the legislature and their approval may be made a condition after that time, so that the whole matter rests in the hands of the people."

"We consider the amendment necessary in order to enable the legislature to take the initiative in any effective revision of the revenue laws of the state, which have been condemned by the then State Tax Commissioners and criticised annually by the State Equalization Board."

### The Family Cough Medicine.

In every home there should be a bottle of Dr. King's New Discovery, ready for immediate use when any member of the family contracts a cold or a cough. Prompt use will stop the spread of sickness. S. A. Stid, of Mason, Mich., writes: "My whole family depends upon Dr. King's New Discovery as the best cough and cold medicine in the world. Two 50c. bottles cured me of pneumonia." Thousands of other families have been equally benefited and depend entirely upon Dr. King's New Discovery to cure their coughs, colds, throat and lung troubles. Every dose helps. Price 50c. and \$1.00. All druggists. H. E. Bucklen & Co., Philadelphia or St. Louis.

### Dr. Pierce's FAVORITE PRESCRIPTION

Give it a fair trial for banishing those distressing pains or drains on one's vitality. This prescription of Dr. Pierce's regulates all the womanly functions. It eradicates and destroys "Female Complaints" and weaknesses that make women miserable and old before their time. Every girl needs it before womanhood. Every mother needs it. It is an invigorating tonic for the female system. All medicine dealers have sold it with satisfaction, to customers for the past 40 years. It is now obtainable in liquid or tablet form at drug stores—or send 50 one-cent stamps for trial box, to R. V. Pierce, Buffalo.

Fred Meade, our County Superintendent, visited our school late week.

William Sparks, an aged citizen of this vicinity, died at his home Saturday.

Mrs. Rebecca Salyer has returned from a weeks visit to her son at

## JOHNSON COUNTY.

#### VAN LEAR.

The new railroad is now complete to number five mine and passenger service is expected soon.

Coal is being taken from the new shaft and a large number of men are employed at that and other kinds of work near the shaft. The work for the carpenters is almost finished for this year.

Miss Freda Ward, of Paintsville has the position of first grade teacher in the public school. Attendance is large and they are having an interesting term under the management of Prin. J. T. Maynard.

Rev. Goodwin, pastor of the M. E. Church, South, is now occupying the new parsonage which is very desirably located across from the church.

Mrs. B. F. Hager, who has had typhoid fever is improving.

The people in our little town are getting greatly interested in the race for County School Superintendent and the general sentiment seems to be in favor of the woman, Miss May Leslie, whose name appears on the ballot since last week. She is fully qualified to fulfill the duties of the office and we feel that the county could do no better than to elect her. As this is the first opportunity our women have had of voting in county election. They should come out and wield their influence for the only lady in the race.

X. Y. Z.

Men and women, vote for Miss May Leslie for Supt. of Schools in Johnson county and keep the school out of politics.

#### SUGAR LOAF.

Fred W. Walker and family of this place will leave soon for Sun-Florida.

Frank Derozett has returned from Hellier, where he has been employed for the past eighteen months.

The political bee is buzzing on and around Sugar Loaf.

Frank Walker is still making his regular calls at uncle Jesse's.

Rev. P. T. Marshall has recently been employed by the Piedmont Tobacco Co., as traveling salesman.

J. Earl Burchett, who has recently returned from Bowling Green Business University, is visiting relatives on Cow creek this week.

The K. O. T. M., of Emma are hummin' and their "sting" was exercised on eight new members last meeting night.

Mr. and Mrs. Larice Burchett were visiting Mr. and Mrs. A. O. Burchett last week.

Bascom Clarke, who is employed as stenographer at Jenkins passed here Saturday on his way home.

The recent rains have done much damage to the corn that has been pulled down. TWO DEMOCRATS.

Men and women, vote for Miss May Leslie for Supt. of Schools in Johnson county and keep the school out of politics.

#### AUXIER.

Winfield Setser was taken to a hospital at Huntington by Dr. Ramey, of this place yesterday. He had been badly hurt by a fall of slate at North East mine at Auxier.

Isidore Horn, who was hurt by a fall of slate at Maryluck, is improving.

On Wednesday last Mr. Hasadore Robinson and Miss Maud Stapleton were married at the home of Miss Pearl Stapleton on the same day Miss Pearl Stapleton was married at the home of her grandmother, Mrs. Mary Hale to Elisha Howell, of Abbot creek. Both ceremonies were performed by Rev. Webster Greer.

Mrs. Sallie Welson and daughter Mrs. H. J. Music, were visiting friends in Paintsville.

Kelly Spears bought a farm in Greenup-co., and is moving to it. We are sorry to lose so good a citizen.

George Alexander, who bought Mrs. Spears' farm, is moving to it. Adam Harmon has moved to Johns creek.

W. H. McClure, of Sellers, Ky., and Elijah Vanhoose, of Olive Hill, Ky., are holding a protracted meeting here.

Miss June Johnson, of Hager Hill is visiting her aunt of this place.

Miss Ruth Davidson, of Prestonsburg visited J. C. B. Auxier Saturday and Sunday.

Robt. Auxier and wife visited hom folks Sunday.

Rev. Howes will baptize at this place today some of the converts of his recent meeting.

We learn to-day that Miss May Leslie daughter of Robt. Leslie, of Hager Hill, is a candidate for Co. Supt. of Schools. She is an accomplished young lady, a fine teacher and in every way worthy to fill the

office. Let every woman who can vote and who desires better schools, teachers with moral character, and a better state of things in general, go to the polls and vote for her. She is a candidate on the Democratic ticket, but don't pay any attention to that. What we want is better officers. Then we will have better teachers and better schools.

To the women of this place I say come to the polls and vote for May Leslie. I'LL BE THERE.

Men and women, vote for Miss May Leslie for Supt. of Schools in Johnson county and keep the school out of politics.

#### COALTON.

Pauline and Irene Carter and Bertha Towler, of Princess attended a funeral here Saturday evening.

WILD ROSES.

#### In Memoriam.

Little Mildred, daughter of Mr. and Mrs. D. R. Clare, passed from life unto death at her home Thursday night. She had been sick two weeks and her condition not being considered as serious at it really was caused her death to be a shock to even the closest neighbors. She had always been of a pleasant, sweet, smiling disposition. And being only nine years of age, was more intelligent than most children are at that age. Everyone, friends as well as relatives, have hearts full of grief over the loss of little Mildred. Rev. J. A. Williams, Methodist pastor of Pollard, conducted the funeral services. The remains were laid to rest in Coalton cemetery.

10 CENT "CASCARETS" STRAIGHTEN YOU UP.

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by morning.

Get a 10-cent box now.

Turn the rascal out—the headache, biliousness, indigestion, the sick, sour stomach and foul gases—turn them out to-night and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret to-night straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.

#### HALLOWEEN.

The night of October 31st is the occasion when thoughtless or malicious individuals consider themselves licensed to injure property not their own and call it fun. It is a custom which should be discouraged, and those who engage in it to the harm or hurt of others should be punished. Any observance of the night should be safe and sane.

#### CARTER-MAY..

On Saturday, Oct. 18, Miss Birdie Carter and sister, Miss Cora, left Louisa for Pikeville. When they arrived at Pikeville Mr. Lonzo May welcomed the girls from the train.

Going to the Big Sandy hotel. Miss Birdie changed her tan traveling suit for a most beautiful robe of white silk, shoes, gloves and hat to match. From there they went to the clerk's office where they were united as one. The bride is a lovely girl, and is greatly missed from here. The groom is a school teacher and highly respected by every one. We wish Mr. and Mrs. May many happy joys. A FRIEND.

A Gentle and Effective Laxative.

A mild gentle and effective laxative is what people demand when suffering from constipation. Thousands swear by Dr. King's New Life Pills. ## FARMS FOR SALE.

This should appeal to men that want to raise cattle, hogs, sheep, or any kind of stock, and the man that wants to garden, raise fruits or berries, etc., for the markets are excellent here. The market gardener heads the list, the dairyman next, the live stock man next, etc. I have farms suited for all purposes, many of them on the best pikes in the county, some on good roads, all handy to school and church. I get a good many questions asked me: "Are there any negroes in the school district near such a farm you have advertised?" I have no farms in negro settlements, so there are no mixed schools here. Many of the farms I have for sale are close to my own. You may find them that will tell you before you get to me that it is too far out. Don't stop. Come on. I can show you better. The land is better out here, is much smoother and the roads are just as good. I have several good farms for sale with good locations for store, blacksmith shops, and many good opportunities for men to make money. Come and see me before you buy. Write or call me over the Bell phone. Write to Sciotoville, Ohio. Always come on No. 15 on the N. & W. Write four days before you start. I will meet you with rig.

THOMAS LOVELL LEWIS, regular Democratic nominee for Representative, 96th Legislative district, Johnson and Martin counties.

Don't forget to vote for the two constitutional amendments next Tuesday. One is to empower the Legislature to enact laws that will lessen the taxes on real estate and bring out other property that now escapes. The other is to authorize laws to work convicts on the public roads.

The Sheriff's office is certainly one of the most important in the county. The most serious troubles Lawrence county has ever experienced have been brought about by Sheriffs who fell short of the difficult requirements of the office. Every good citizen should lay down prejudice, politics and personal feelings to help secure a Sheriff who can and will perform the duties of the office promptly and in a business-like manner. The line is sharply drawn this year and no citizen can fail to see his duty in this matter. The man who meets all these requirements is R. A. Stone.

## To The Voters of Lawrence Co.

You will notice that no one has asked for either the office of County Surveyor or that of Coroner. Now there will be a blank left in the ballot for you to write the name of your choice for each of these offices.

Allow me to put in nomination Henry Hiberger, of Louisa for Co. Surveyor, and J. F. Hatten, of Buchanan, for Coroner. Vote for them next Tuesday and future generations will rise up and call you blessed.  
C. B. STUART.

## POINTS THE WAY.

## The Statement of This Fort Gay Resident Will Interest Our Readers.

Our neighboring town, Ft. Gay, points the way in the words of one of its most respected residents: Dr. R. Frasher, Ft. ay, W. Va. says: "I consider Doan's Kidney Pills the best remedy on the market for kidney and bladder complaint. I have prescribed this preparation in many cases and my patients have taken it with fine results. I have taken Doan's Kidney Pills with the most satisfactory results and am loud in my praise of them. The residents of this vicinity suffer considerably from kidney and bladder trouble, due to the poor quality of the drinking water. I have found Doan's Kidney Pills to be the one remedy that can be depended upon for relief. It has been my experience that all ailments caused by weak kidneys, such as irregular passages of the kidney secretions, gravel, dropsical swellings, lumbago, pains in the back and hips, etc., can be removed by Doan's Kidney Pills. A few doses of this remedy taken immediately when the trouble is noticed will save much misery." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—DOAN'S—and take no other.

No Democrat should fail to vote for Justice for County Judge.

## ONTO HIS JOB.

Frankfort, Ky., Oct. 24.—Gov. McCreary was the first man on the job this morning and when citizens began arriving about 9 o'clock on the river road across from Frankfort, they found the Governor with his colored coachman, Blythe Larkin and Peter Williams, porter in the executive office, with shovels in hand, mud-bespattered, throwing crushed rock into a big hole in the road. It rained here until 8 o'clock but as soon as the rain began to slacken, Gov. McCreary started from the mansion wearing a pair of rubber boots.

The Governor purchased the stone for filling the road and began working at an immense pile of it in front of the quarry. A wagon has been engaged and the whole stretch of road from the L. and N. right of way in West Frankfort to the city limits on the south side will be repaired.

Besides the Governor, Commissioner of Roads R. C. Terrell, is out with a shovel working by the side of his chief, as is former Congressman Joseph Kendall, of the Tenth district, now employed in the road department. The other employees of that department are scattered over the State to-day.

The second good roads day was observed yesterday more generally than was the first, on Friday, but again rain and soft ground interfered to a large extent all over the State. Several counties, however, report that much good was accomplished.

## CHILDREN HATE OIL, CALOMEL AND PILLS.

"California Syrup of Figs" best for tender stomach, liver, bowels—tastes delicious.

Look back at your childhood days. Remember the "dose" mother insisted on—cator oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given to-day saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs" which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

## Look Out For This.

It is reported that just previous to the election there will be some circulars distributed, the object of which is to injure R. A. Stone, candidate for Sheriff of Lawrence county. This is to warn the citizens to be on their guard against such an attack. There is nothing that can be truthfully said about his official record that is not to his credit. All he wants in case of such an attack is a chance to prove its falsity, and any fair-minded citizen will concede that right before being influenced by a statement designed to injure him. (Adv.-2t.)

## BIG PIPE LINE.

(Continued from page 1.)

black powder is also employed. Straight alignment of the trench in this rocky soil, up and down hill, is difficult to attain.

Hauling the pipe out to the right of way is no easy task. In most places there are no roads, and this hauling has to be done along the creek bottoms. Railroads are remote and the pipe is often hauled twenty-five miles by teams through the mountains—a trip that has sometimes taken three days. When the pipe is unloaded from the wagons it has yet to be hauled up precipitous hills, where it is hardly possible to find a foothold. The men employed in this branch of the work are all mountaineers and inured to the hardships.

In the morning you can see the cleared right of way and at night you will see a half mile of trench completed and ready for the pipe gang, which follows a mile behind the ditching gang. Sixteen men are needed to carry a length of pipe, which weighs a thousand pounds, and so the work goes on.

## Stunning Chic Styles in Mid-Winter Millinery

The charm of the new midwinter millinery lies in the assurance a woman has that the hat she selects will be individual in style and character and not one of a hundred of its kind—the shapes are quite as varied and "different" from the ordinary as the trimming. "Exclusive" millinery is featured here as in no other store we know of, and a trip to Huntington just to see our millinery display will be worth your while.

## SPECIAL HALF-PRICE Sale of Phipps HATS

We have received quite a line of sample hats of the famous Phipps make that we offer at half price.

This sale is unusual at this time of the year representing as it does the very best in mid winter styles in tailored hats semi dress and dress styles in the small and medium shapes.

This is an opportunity you certainly should not miss.

## SPOKE TO THE CLUB.

Mrs. L. L. Funk, of Chicago, who is visiting her brother, Mr. Jno. Gartin, spoke to the Nora Kennison Club, of this city, at its regular meeting on last Monday afternoon. She is a highly educated and intelligent woman, and her brief address was very interesting. For many years she has been prominent in a very important work in Chicago, a work which looks after the welfare of the children of the poor of the city. Frequent notices of her labors in this line have appeared in the Chicago papers and been reproduced in the NEWS.

## DIED SUDDENLY.

Mrs. Arthur Hardwick, of Van Lear died suddenly of neuralgia of the heart, at the home of her mother, Mrs. W. O. B. Ratcliffe, Pikeville, on Thursday afternoon last. Her husband is the son of Mr. Lacey Hardwick, deceased, whose widow resides in Ft. Gay. The burial of Mrs. Hardwick occurred at Pikeville and was attended by Mrs. Lacey Hardwick. The particulars of this untimely death are told in this issue of the NEWS by its Pikeville correspondent.

## HELD FOR TRIAL.

Kinnel Arnett, Fred Dials and a boy named Adkins, son of J. Adkins, were examined in Police court on Tuesday last, charged with breaking into and robbing the store of the Louisa Furniture Co. They were held to answer at the next term of the Lawrence Circuit Court. Clyde Welch, who lives near the mouth of Two Mile, was arraigned with them but was discharged. Elmer Crabtree, who had "squealed" when arrested, is also in jail awaiting trial.

## DIED AT TORCHLIGHT.

Your cold will break and all grippe misery end after taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or noses running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

## To The Voters of Lawrence Co.

The time for electing our county officers is drawing near and I want to say that in my humble opinion, the county judge's office is the most important in the county.

J. B. Clayton is a candidate for said office and I wish to say for him that there is no more conscientious and well qualified man in Lawrence county. He has filled several responsible positions in Lawrence county with credit to himself and his constituents. He served as sheriff one year and paid over to the county more money than was due the county and the fiscal court voted it back to him.

If Mr. Clayton is elected, he will be found at his office at all reasonable hours and will treat you kindly when you call to see him.

Very Respectfully,

You don't save money when you buy cheap or big-can baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to sour milk and soda.

## NOTICE TO TAX PAYERS.

Owing to a change in the law governing the collection of taxes, we will not be able to collect taxes from any one at our Louisa office, except from those who live in the Louisa precincts.

We have no regular book kept in the office of the entire county as heretofore, and taxes will have to be paid to the collectors in each precinct where the tax payer lives, and each precinct will have a collector who will be there on certain days as will be seen from the notices in the various precincts.

All taxes must be paid on or before the first day of December of this year and all who have not paid their taxes by that date aside from the extra penalty that will be added, steps will be taken to collect all unpaid taxes as the law authorizes.

## WEST VIRGINIA NEIGHBORS.

The Southern part of this county was stirred last week by the horrifying news that Joe Fields, son of Henderson Fields had shot and killed Floyd Dyer, a son of Owen Dyer, both of Grant district. The two boys were sitting talking, when they were approached by two persons, evidently officers, who informed Fields that they had a warrant for him. Both Fields and Dyer sprang to their feet, and Dyer, who was behind Fields, said "Boys let's arrest him" when Fields turned on him and said, "If you come a step nearer I'll kill you." Dyer moved a little, whether with the intention of going toward Fields or not will never be known, when Fields discharged the contents of a shot gun in his breast, killing him instantly. Fields then escaped to the woods, and, at last reports had not been captured. It is presumed that he left for Kentucky, where he has numerous relatives. The underlying cause for the trouble is not known, as the boys had been good friends prior to the trouble. It is thought that Dyer did not think that the parties who approached them really meant to arrest Fields, and that their threat to arrest him was only a joke.—Wayne News.

Judge Wilkinson, on the 17th of this month granted an injunction in the case of G. W. Workman and others against the Board of Education of Butler district enjoining the Board from laying or collecting any levies for the building of the high school at Fort Gay and from purchasing any site for the high school, and also enjoined the sheriff from collecting the special levy for the year 1913, which has been laid to build the high school. The bill recites that the Board had no right to lay a special levy for two years and recites other alleged irregularities in the proceedings regarding the high school.

Mr. Taylor was about 49 years of age and leaves a wife and two daughters, who have the sympathy of the entire community.—Logan Democrat.

Elijah Murphy, who lives near Oppy, Ky., was shot through the left arm about dark Wednesday evening by his brother-in-law, Julius Maynard. The shooting occurred near Maynard's home.

Murphy was brought to the Williamson hospital Thursday morning on No. 4 and an operation was performed Thursday. The arm was practically shot off, the weapon used being a shot gun, and there was but little hope of saving the member.

## A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess," says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight."

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

Murphy at the hospital, but the injured man could assign no cause for the shooting.

Murphy is a brother of George Murphy, the section foreman of Naugatuck.—Mingo Republican.

William Adkins, of Hampton City, Ky., who was a witness to the box car murder near Dingess tunnel, was brought to the city today by Chief of Police, W. O. Porter. Adkins tells a pathetic story as to the shooting. Adkins was on his way to see a sick relative and got into the car where the tragedy occurred. He says that about the time the train came out of Dingess tunnel, the man who has given his name as Rush said to the unknown man that he had tried to kill him while going through the tunnel and immediately commenced shooting with deadly effect. Adkins states that he was frightened beyond expression when he found the man had been killed, and that at the first slow-up he jumped to the ground and the murderer followed him out of the car. Adkins and Rush remained together for several hours and then parted.—Williamson News.

## KENTUCKY NEIGHBORS.

Mounts, etc., vs. Mounts, Pike; affirmed, in Court of Appeals.

Lexington, Ky., Oct. 27.—In a duel over a woman at South Quick-sand creek, Breathitt-co., last night, Clell Miller and Woodrow Allen, shot and killed each other. Both fired a bullet through each other's heart.

Frankfort, Ky., Oct. 25.—Gov. McCreary to-day restored to citizenship Will Johnson, of Pike county, who served a year and ten months for shooting and wounding and who is represented as having lived an upright life since his discharge; Willard Johnson, of Pike county, who served a year for breaking into a store house in 1906 when he was a mere lad, and who has since behaved properly.

Capt. V. G. Mulliken returned here tonight from Morgan county, where he had been called Friday with two of his bloodhounds to run down the persons who robbed Mrs. Lenda Carpenter, who lived near Cannel City. Mrs. Carpenter, who is 65 years old, had concealed about her until she could go to bank a-bout \$1,500, which she had collected as administratrix of her husband's estate. On Friday evening about dark, as she was milking the cows in the barn, she was seized by two men and the money taken from her. Capt. Milliken says his dogs followed a trail, but before the officers could make an arrest the man who lived there had fled.

Grayson, Ky., Oct. 24.—Carter-co. will observe the Governor's proclamation and will work the roads in strong forces. Judge M. M. Redwine announced that Carter Circuit Court will adjourn, so all attorneys, jurymen and litigants may work on Friday and Saturday. Carter-co. is working three road machines and a steam road outfit and a crusher. Much work has been done on the old State road to make it a good automobile road from the Boyd-co. line, leading from Ashland to the Rowan-co. line, where Rowan is building a line to Bath-co., making a good automobile line from Ashland to Mt. Sterling.

## OUR SCHOOL DEPARTMENT.

The following letters and proclamations are self explanatory:  
The only way a teacher can count holidays is by actual absence of the day.

I want to urge that every teacher observe Arbor Day, Nov. 6th, by planting trees, where it is at all practicable. Have students meet for a few hours in the forenoon and afternoon, plant your trees, have a good time, and report the number planted in the School Dept of your paper.

I also desire to call attention to the cards I mailed you this week regarding the School Fair. Please return them promptly and state positively whether or not you can participate with your school and bring some exhibits. If you can and are sure you can, answer yes and all other questions suggested on card. If not sure you can say so, as facts are what I am after.

Respectfully,  
JAY O'DANIEL, Supt.

WANT TO TRADE. Jersey cows for mule colts. Have pair 5-year-old mules for sale. F. H. YATES, Louisa, Ky.

I feel sure there are more S. S. in the county than this list gives, but I've not been able thus far to secure their names. I am very anxious to get a complete list to send to State office by Dec. 1. The State records at the last of this year will be presented at the International Convention at Chicago next June. Let's have a good report from Lawrence county. In a few counties, every school has reported to Co. Sec. this year and in one county every one gave an offering to the support of the S. S. work. Wasn't this interest in the great work? Why can't our county do as well in this work as any other? We can, if we will, and I hope we will make it a banner county in this work soon. So please send me reports from all the schools that have not reported this year, by Dec. 1, and all schools whose names are not on the above list would be put on, gladly, if I could secure their names. Supts. of the unlisted schools, please send me your names and the names of your schools at once, and if you have no report blanks tell me so and I'll send you some immediately. If some schools that I've not heard from have closed for the winter, please report anyway and state the length of time open. We hope all schools may arrange soon to keep going all the year.

The State Convention held Oct. 7-10, certainly was interesting and instructive. Wish there could have been one delegate, at least, from each district there, for I'm sure each one would have taken greater interest in his district's work in the future. We have some fine workers in some of our districts as the results have shown and we need more like them.

Again, I beg for the unlisted schools, if there be any, to send me their names at once and for the unreported to please report at once. If you do not the report I now have will go to the International Convention next year.

EMMA THOMPSON, Co. S.S. Sec.

## DONITHON.

Last Saturday evening the infant child, Clifford, of Mr. and Mrs. D. H. Lyons turned a kettle of scalding water on himself. The scald proved to be fatal and on Monday night between 9 and 10 o'clock the angels came to relieve little Clifford's sufferings forever.

Mrs. Z. T. Frazier was visiting friends at Kermit Saturday and Sunday.

Mrs. Mary Derefeld and daughter Ada, of Dunlow, visited relatives at this place last week.

Miss Willie Cox was calling on Eva Harvey Sunday night.

## SEASONABLE SUGGESTIONS ON SEED CORN.

Just at this time it is highly important that the attention of all farmers be directed to the necessity of looking now for a supply of seed corn for next season.

If you have a reasonably good variety of corn on your own farm, the place to look for seed is in your own field, but in case your neighbor has a better strain of corn than you have, it would be wise to bargain with him to let you go into his field and select sufficient seed for next year's crop.

The seed corn test next winter or early spring will be an operation that you cannot afford to neglect, but it will merely be a sad disappointment if you depend upon selecting your seed corn from the crib, through the winter, since it will merely reveal the fact that very little if any of it is fit for seed.

There are many things to take into consideration in selecting seed corn. These points concern not only the ear itself but also the stalk upon which it grows, hence another reason for the desirability of selecting seed corn from the field, before the corn is cut.

Seed corn should be selected in the fall just as it is coming to maturity. Select well developed ears growing upon well developed and vigorous stalks, and of the same maturity. Mark them and allow them to mature. Do not select large ears from stalks that have grown in hills by themselves, that have been extremely favored in the way of rich spots or have been favored in regard to moisture present, but prefer those that have produced most heavily when growing under average conditions. Other things being equal, select ears from short thick stalks rather than from tall slender ones, as the latter are more likely to be blown down. Never select an ear that is extremely long of shank, but rather select one of a medium shank with the tip pointing downward at an angle of about 45 degrees. Prefer ears that do not have a gross, coarse, heavy husk.

The vitality of seed corn is greatly injured if not destroyed by severe freezing while the grain contains a large percentage of moisture. This reminds us of the necessity not only of selecting in the early fall but also of drying the ears carefully before freezing weather.

This can be easily accomplished in many ways but perhaps no easier or safer method could be suggested than that of drying several ears one above the other in loops in a piece of binder twine, and hanging the whole row in a well ventilated loft or attic. Care must be taken to provide safety from rats and mice.

This careful selection of seed corn will not do away with the necessity of testing the seed next spring, but that operation will then, in all probability, reveal more gratifying facts.

Remember that within the next few days we will largely determine the fate of next year's corn crop.

T. R. BRYANT, Head of Extension Dept., Kentucky Agricultural Experiment Station.

## Notice of Commissioner's Sale.

By virtue of a judgment of the Lawrence Circuit Court, Aug. term, 1913, in the case of Josie Rose, Admrx. vs. Mont Rose and others, undersigned Commissioner will, on Monday the 17th day, of November 1913, at the front door of the court house in Louisa, Ky., offer for sale the following described real estate, or so much thereof as may be necessary to raise a balance of \$307.93 due creditors from estate Sam Rose; tract of land on upper Twin Branch of Blaine creek, beginning on northwest corner of tract described in deed from Sam Burton and wife to Sam Rose, recorded in Deed Book U., page 622, thence up the creek with the line of B. F. Carter on right hand side of Twin Branch, to line of the land now owned by Fulkerson heirs, thence with their line to the top of the dividing ridge between Twin Branch and Cats Fork, thence along said dividing ridge until the line strikes line of Elisha Jobe, being west line of deed from Fulkerson heirs, thence continuing the Silas Jobe line, crossing Twin Branch, to top of ridge between Twin Branch and Sand Branch to S. W. corner of land conveyed to said Rose by said Burton, thence with a per line of that deed to the beginning.

There is excepted and will not be sold, the house, yard and gardens and outbuildings, and sale will be made off the upper and north end.

TERMS: Sale will be made on a credit of six and nine months, purchaser to execute bonds with approved security payable to the Commissioner.

## HOME CIRCLE COLUMN.

COLUMN DEDICATED TO TIRED MOTHERS AS THEY JOIN THE HOME CIRCLE AT EVENING TIDE.

"Melancholy cannot hold its own with perennial good nature. Sunshine is contagious. Smiles are epidemic. One joyous nature will fill an auditorium with good cheer. Despondency is a poor debater. It can bring no argument that sunbeams will not penetrate."

Let us not be low-spirited over little things. Worry never accomplished anything. It is useless to cross a bridge until we get to it. Evil forebodings never lightened any pathway, and the feet are prone to stumble or go astray in the darkness of melancholy and sorrow. Look on the bright side. Be cheerful. Be self-reliant. Be brave and patient.

If a young girl reads that which is weak and false and foolish, she will be weak, false and foolish; but if it is true, tender and inspiring, then something of its truth and tenderness will glow into her soul and become a part of her very self. The boy who reads deeds of manliness, of bravery and noble daring feels the spirit of emulation glow within him, and the seed is planted which will bring forth fruit of pure endeavor and exalted life.

"Is your father rich?" someone asked a five-year-old girl; and the little one replied confidentially, "Why, of course, he's got me." And she was right, too for, the father of a sweet, loving, helpful little daughter is richer than some millionaires whose money cannot buy them the love of a single heart. How about your father? Does he think he is a rich man because of the daughter at home? There are households where "it is hard to make both ends meet," but where there is plenty of that better wealth of love and kindness and loyalty, is yours one of them?

Everyone has annoyances. The housekeeper finds them in lazy servants; or on a rainy day the stove wood will not burn; the floors get soiled and the children fret. The business man finds them in an unfaithful partner, and we all find them in one thing or another. We have found them in appointments and failures; but life is too short to be trifled away in sighs and worries over the trials and rough places in our way. There are too many good things to enjoy. Just think of the bright things all around us. It matters not how poor we may be, still the bright sunshine is ours; the flowers and little birds that sing for us. And there is too much to do in our one short lifetime. As we once heard an aunt say, "Well, we hear so much about good words, why doesn't some one do something good?" And it is high time we were all doing it.

We owe it to our friends and we owe it to ourselves to cherish gentle good nature, that has a sympathetic eye, a glowing, bright face and a warm, responsive heart to greet the world with. It is one of the most affective of all means of doing good. Kind words and gentle looks cost nothing; and yet they are often more grateful to the poor and oppressed than purses of gold.

All love is sweet, given or returned. They who inspire it most are fortunate but they who feel it most are happier still.

The word "home" is only applied to the habitations of man. Beasts have lairs, birds have nests—temporary abiding places, both of them. Man alone builds his permanency. And a safe housing of his treasures and loved ones. A house is not a home. You cannot rear a home with boards alone.

Men and women were made to labor but not to slave. Each one of us has an inalienable right of liberty and happiness, and we must insist upon the rights. Learn to know what the essentials are and learn to let the non-essentials go. Let us take time for thought. Let us take time to read and develop what mind God has given us. Let us take time for conversation, for pleasant, social intercourse, for making and keeping friends.

WANTED—A friend who will recognize me when compelled to wear patched pants; who will take my hand when I am sliding down hill, instead of giving me a kick to hasten my descent; who will lend me a dollar without two dollars security; who will come to me when I am sick; who will pull off his coat when the odds are two to one; who will talk of me behind my back as he does to my face. Such a being is wanted by ten thousand human beings throughout the world.

A man who is a man at all, does not want his wife to be a beast of burden; and, if circumstances make it necessary for her to overwork, he will at least endeavor by tenderness and forethought and such help as his own labors permit, to make life easier for her. Such is the heart of a woman that this attitude on the part of her husband is the elixir of life to her, and sustained by it she can endure strain and toil that otherwise would break her spirit and materially injure her health.

## KEEP TAB ON CHICKS

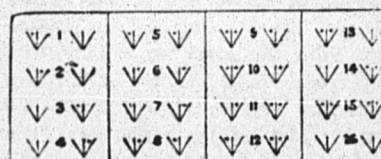

Toe Marks Valuable Where Line-Breeding Is Worked.

Considerable Time and Labor Involved, but It Pays Fancy Breeder to Pedigree His Birds and Eliminate Culls.

In practicing line breeding I use trap nests in my breeding pens during the hatching season. If I wish to keep a record of the chicks from individual hens, each hen's eggs are set under bantam hens. These little midgets are just the things for this purpose, as they will cover from seven to ten eggs, so you can set each hen's eggs before they are too old.

After the chicks are hatched, each brood is placed in separate coups with runs attached, and when a week old are toe-marked with a punch made for the purpose, which can be procured at any poultry supply house, or a harness punch may be used, writes Archie E. Vandervort of Delaware county, N. Y., in the Farm and Home. As will be seen by the diagram, a good many different marks can be made. The coups are placed in convenient places about the farm as far apart as possible, so if a chick happens to get out of the yard it will not mingle with the others.

After they are three or four months old they are leg-banded with sealed bands and then are allowed to run together. All the band numbers are carefully recorded, as well as the

## Punch Marks Between Toes.

way in which the toes were marked. Of course, all this takes considerable time, but to the fancy breeder it pays to pedigree his birds, and he will have less per cent of culls.

If you do your hatching in incubators, you can get some pedigree trays to place in the incubator, instead of the regular trays. These are constructed with compartments so that the eggs can be kept separate, and also the chicks hatched therefrom. Before placing the chicks in the brooder they are carefully toe-marked.

## GET EARLY LAYING PULLETS

First Egg From White Leghorn Chicken at Four Months and Fourteen Days at Ohio College.

A single-comb White Leghorn pullet, that laid her first egg just four months and fourteen days from the date of her hatching, is one of the results of breeding for early maturity obtained by the Ohio Agricultural college. The usual age at which pullets begin laying is about six months. This extraordinary fowl was one of a group of 720 that were hatched at the same time. Five or six others from this group began laying much earlier than ordinary fowls, showing that it pays to breed for early maturity. They were from the Yesterfield strain of single-comb White Leghorns, that had been bred especially to develop early laying.

It may be interesting to know just how this flock was fed. From the first day to the sixth week they received twice a day a grain ration of two pounds fine cracked corn and three pounds cracked wheat. Up until the twenty-first day they also received three times a day a moist mash composed of four pounds rolled oats, three pounds cornmeal, three pounds wheat middlings, six pounds wheat bran, four pounds sifted meat scraps, two pounds alfalfa meal, one-quarter pound bone meal, one-quarter pound fine charcoal. This was mixed with skim milk or buttermilk and fed in shallow trays. From the sixth week to maturity they received a grain ration of two pounds cracked corn and two pounds whole wheat, fed in open hoppers. From the twenty-first day to maturity they received a mash composed of one pound rolled oats, one pound corn meal; one pound wheat middlings, two pounds wheat bran, one pound sifted meat scraps, one-half pound alfalfa meal, two ounces fine charcoal. This was fed dry in open hoppers. In addition they were given green foods and grits.

## Duckling and Chick.

A duckling does not know how to get out of danger. Instead it will become panicky and remain an easy prey for the enemy. On the contrary, a chicken is always on the alert, scampering off to some hiding place the moment that it hears some strange noise.

FOR SALE  
Farm, Stock and Tools

I am offering for sale my farm of about 350 acres of land lying within three (3) miles of the city of Vanceburg, Ky., the County Seat of Lewis county. This farm contains a good six-room frame dwelling house, a new corn crib, chicken house, two large combination tobacco and stock barns and other necessary out buildings. There are 15 or 20 acres of good bottom land, there are about 60 to 75 acres cleared land, about 25 acres of which is in grass. There is considerable timber on this land suitable for railroad ties and farm purposes. The uncleared land makes splendid summer pasture for cattle, and sheep and hogs will live in these woods with very little feed. Most of the land can be cultivated and produces splendid tobacco, corn, oats, potatoes, sorghum, cane and most all crops which are raised in this climate. There is some of the best fruit and berry land on this farm that can be found anywhere. The farm is well watered by never failing springs and running streams. There is one of the best wells of water within a few feet of the kitchen door that can be found anywhere in the county.

There is a splendid new school house on the farm which is also used for church purposes. There are 5 churches in the city of Vanceburg, which is only three miles away; also a splendid High School, which can be easily attended from the farm, as it is only 2 miles across by a bridge path to the school house. I will also include in this sale for the price named below two good work horses, all farm implements, consisting of one new turning plow, one new Avery double shovel plow, one hillside turning plow, one cutter plow, one single shovel plow, one spring wagon, two sets of work harness, single trees and all small tools now on the farm.

Considering the convenience of this land to the market, schools, churches, etc., I believe it is the greatest bargain ever offered in this county. The title is unquestionable.

The price for farm, stock and tools is \$3,500. If you are interested, do not delay coming.

Write me when you will start from home.

It is stated upon very reliable authority that we are to have natural gas in our city sometime in the summer.

A franchise was granted to Mr. E. Moore, of Charleston, W. Va., Will H. Layne attorney who presented and procured the passage of the franchise states that there is every evidence that it is a go. Surveyors are now measuring the streets and obtaining the number of rooms to each house in order to know where to place the connections.

The company will bring the gas either from the Burning Fork of Licking Valley, or from Beaver creek where they control three large gas wells, the distance to either point being about the same.

The same company installed gas at Salyersville, Ky., and we are going to play third place with Paintsville and Salyersville in the progressive move.

This item gives us some hope for Prestonsburg, but where are the water works that seemed to be blossoming several days ago? We understand \$15,000.00 has been subscribed in this direction and that several of the leading citizens have failed to give any encouragement to that enterprise.

It will be well to note that the Beaver Valley will soon be almost a solid town, and that they are installing gas, water works and electricity.—Prestonsburg Monitor.

John H. Hatcher a prominent farmer of Myrtle, was in town Tuesday on business.

County court convened here Monday with Judge Malone Hall presiding. Very little business was transacted, most all cases being continued to the next term of court. The town was full of people owing to the nearness of the election and to see them reminded one of a swarm of bees.

**TAKES OFF DANDRUFF**

**HAIR STOPS FALLING.**  
Girls! Try this! Makes hair thick, glossy, fluffy, beautiful—No more itching scalp.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few week's use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that is has been neglected or injured by careless treatment—that all—you surely can have beautiful hair all lots of it if you will just try a little Danderine.

Democrats of Floyd county should get together this year as never before. Two of the candidates on the Republican ticket were elected four years ago as Democrats. Their disloyalty should be rebuked with overwhelming defeat.

## PIKE COUNTY NEWS

### MRS. HARDWICK DIES SUDDENLY.

Mrs. Mamie Hardwick, of Van Lear died suddenly of neuralgia of the heart at the home of her mother, Mrs. W. O. B. Ratliffe, on Main street last Thursday afternoon at five o'clock.

The young lady, who was very fleshy, came to Pikeville Wednesday for a visit to her mother and friends, and upon arising early Thursday morning she complained of a very painful headache, which continued until she died. Physicians attending said the headache was not really headache, but symptoms of apoplexy. At five in the afternoon the heart, which was weak, showed unmistakable signs of neuralgia, and she sank into a stupor. This continued for only a few moments, and with a few short gasps she was dead.

Awaiting the arrival of her uncle, Prof. T. J. Coates, of Frankfort, and his son Myer, the interment did not take place until Sunday. The Rev. J. P. Whitehead of the Presbyterian church conducted the funeral ceremonies at the home at two o'clock in the afternoon, and interment took place immediately thereafter in Pikeville cemetery, the order of Eastern Star leading the funeral procession.

The young lady had many prominent family connections in Pike-co., and one year ago married Mr. Arthur Hardwick of Fort Gay, W. Va. She was the daughter of Attorney Butler Ratliff, also deceased, and was a member of the Presbyterian church.

### CHILD BITTEN BY BULLDOG.

Arba Layne, 10, son of Ben Layne, of Chloe creek, was badly bitten on the leg by a bulldog last Thursday morning. The child had gone to the home of Charles Sloane to borrow a saw for his father, and as he came out the gate the dog seized him by the calf of the left leg, tearing away a large part of the flesh and badly injuring the muscles. Some one beat the dog off and carried the child home, where he received immediate surgical attention, and shortly afterwards the boy's uncle, Milton Layne found the dog under a floor and blew out its brains with a shotgun.

**THE BRIGHTEN-UPS.**  
It is said a Brighten-Up club has been organized at Pikeville with a considerable membership, and several citizens are wearing badges as a further evidence of the organization.

It is said the object of the club is a merely nominal one, and that all that is required of its members is just to wear a badge. There is a great field for this organization, if its members will but apply themselves to it. There are many instances where help is really needed by unfortunate people, and nowhere could they be of greater service than in sitting up with the sick and dead; and if the organization will adopt this object instead of the merely nominal one, they will many times earn and receive the gratitude of those upon whom the hand of misfortune has laid heavily, as well as of all the city generally. If they wish to go a little further with the beneficent work they may organize themselves into a burial association to help defray the expense of the burial of these unfortunates.

Pikeville needs such a helping hand.

**SAW CUTS OFF HAND.**  
William Greer, who owns a saw mill at Myra, on Shelby creek, lost his right hand while at work Tuesday. It is said he reached to pick up a bit of slab which had fallen from the log on the carriage when the hand came into contact with the saw. Doctors Bond and Walters were called to dress the wound, and it is possible the thumb and one of the fingers may be saved.

**AGED MAN DIES.**  
James England, a very old man, died at his home at Penny, on Shelby creek, Wednesday after a very brief illness. He had many relatives in Pikeville, and was well known throughout Pike-co.

**CHILD BROUGHT HOME.**  
Four year old Ruth Ward, who was taken to Louisville last week for treatment at the Medical University of that city, was brought back to Pikeville by her father Monday night. The physicians of the University confirmed the dia-

gnosis of Dr. Z. A. Thompson and other physicians here that the ailment was the little known scleroderma; and as this disease is generally regarded as incurable. No positive hope was held out to the parents that anything permanent could be done for the little girl. It was the advice of Dr. Toole, University expert on child diseases that little Ruth should remain in order that her case might be more fully studied, but Mr. Ward declined, saying he would rather submit the child to routine treatment at Pikeville.

Only a few cases of this disease have been noted in America in the past decade.

The citizens are forming a company for oil and gas. They intend to start work soon. They have all indications of oil. BBUE BIRD.

### POST PRICE INCREASED.

The Big Sandy News has been clubbing with the Cincinnati Post at \$2.50 per year, but notice has been received that the Post has increased its price 50 cents per year. The two papers will now cost \$3 per year.

## Letcher County News Notes.

WHITESBURG, Ky., Oct. 28.—It is said that another big development concern is billed to open a vast boundary of choice coal and timber lands on the lower Boone's Fork section in the coal fields of this county at an early date. During the past week J. B. Altemus, and D. C. Anderson, of Philadelphia, with J. L. McCormick and Malcom Smith of Big Stone Gap, high officials of the Mineral Development company, a Philadelphia corporation were here and left for the lower Boone's Fork territory to make plans for the immediate beginning of the development work on an extensive scale. The work will be immediately below Fleming, new city, the new development work of the Mineral Fuel Co., directly on the new extension of the Lexington & Eastern (the L. & E.)

It is said that at least two industrial cities similar to Fleming will be built. The work will require an expenditure of several million dollars all told. This property is perhaps the most desirable in the coal fields now not being developed.

Representatives of the Cincinnati Cooperage Co. have been in the lower section of the county negotiating for a large timber boundary, which, if purchased, will be manufactured into staves, etc., at once. Most of the timber lies on Smoot creek and Dry Fork near the L. and E. railroad.

Hog cholera in a most malignant form is prevalent throughout Letcher-co., and the mountains generally and hundreds of hogs are dying. Farmers are much discouraged as a result of the ravages of the disease which usually follows a good mast season. This year's mast was the best in a quarter of a century, perhaps. A complete extermination of the swine stock is feared. Many farmers have lost the last hog they had.

The city council of Whitesburg has passed stringent ordinances preventing the erection of wooden or frame buildings along Main-st., making it a fine of \$50. Thus it will be seen that the city will continue to get good stone, brick and concrete buildings, modern in every respect, a large number now being under construction. With fine new concrete sidewalks being laid down in all sections of the little mountain city, with business blocks and residences going up on every hand Whitesburg will certainly put on airs for the future.

A pretty wedding took place at Crown, on Dry Fork, Saturday, when Mr. Joseph M. Caudill, aged 24, young farmer of Sandlick, was married to Miss Mary Cornett, aged 18. The same day at Mayking Mr. David Williams aged 47 was married to Miss Jane Kincer aged 24, making the groom's second marriage.

Rain poured down in torrents most all day Saturday and as a result the Kentucky river and its tributaries were much swollen Saturday night. A little more rain would have made a splendid tide, fine for floating saw logs.

A deal involving several thousand acres of fine coal and timber lands on the headwaters of Carr's Fork, west of here on the Letcher-Knott border, was made a few days ago by an eastern syndicate, composed largely of Baltimore and Philadelphia capitalists. While the price paid was not given out it is known to be large. Arrangements, it is said, will be made for its early development on an extensive scale.

Henry Bentley, a son of County Court Clerk R. B. Bentley, who has been a sufferer from tuberculosis, left for Oregon a few days ago, where he goes for his health. Last year he spent sometime in New Mexico without results. He was accompanied as far as Valparaiso, Ind., by his sister, Margie, who goes there to enter school.

U. S. Marshal John H. Addington and posse arrested S. E. Hoskins, of Bell-co., Robt. Butler, Harlan, and Miss Mary Allen, aged 18, a young woman of Leslie county, on charges of bootlegging moonshine whiskey in Neon and Fleming in this county. They were brought here to be given a hearing before U. S. Commissioner John W. Hale.

Politics are getting sizzling hot in Letcher-co., there being democrats will overcome a republican majority of nearly 1000 and carry the county. Candidates are riding in all sections of the county.

Charley Estep, of Catlettsburg, has been here for several days on business.

Cam J. Lewis, of Eldean, Ohio, representing the famous Eldean Flouring Mill, was here the past week seeing the merchants.

Congressman C. Bascom Slemp, of Big Stone Gap, Va., interested in the vast development projects underway in this section, was a business visitor here.

L. B. Hoge, Hazard business man, was a Whitesburg business visitor.

N. M. Webb, editor of the Whitesburg Eagle, returned from a visit in Louisville and other points in the State.

Mrs. M. F. Ginn, Lexington, was here during the Farmers' Institute. She made a splendid address to the farmers' wives.

Dr. and Mrs. J. H. Cox, who were married several months ago at the Brunswick hotel, this city, were registered there last week while on their way from Prestonsburg to their home in Honaker, Va.

## SMOTHERING SPELLS

### Sour Stomach, Heart Burn

In October, 1910, we received a letter from Mrs. Hall, from which we make the following extracts:

"About twelve years ago my health began to fail. I couldn't eat anything without suffering for it. I had heart burn, sour stomach, palpitation of the heart, smothering spells, pains in my sides and back. In fact, I suffered all over, and a cough almost like consumption. Doctors failed to relieve me; in fact, they didn't seem to know what ailed me. I continued to grow worse until I was able to sit up only a part of the time. I had almost lost all hopes of ever being any better.

"But one day some one threw some books in at my door. I read them and found them to be Peruna books. They described my feeling so truly I sent at once and got a bottle and began taking it. You pronounced my ailment systemic catarrh, and gave me some advice.

"When I had taken two and one-half bottles I began to eat without suffering. I continued to improve.

"When I had taken eight I was like a new person. That was nine years ago.

"I think Peruna the greatest family remedy I ever saw. For so many ailments are due to catarrh. I would advise any one afflicted with catarrh to take Peruna and I am sure it will leave."

In the Revised "Ills of Life" we have many similar testimonials which should interest sick people everywhere. Sent free by the Peruna Co., Columbus, Ohio.

People who object to liquid medicines can now obtain Peruna Tablets.
